SAFFORD BUILDINGS UNDER CONSTRUCTION

Patterson Elected Mayor. riffe, with the Inscription "R. J. Edgar, Californian Will Grow To-Big Reclamation Scheme Proposed.

Safford, Ariz., June 13.-Seven residences are at present under construc-tion in Safford in addition to a business building on Tenth street and an \$5000 public hall. Besides these, a number of smaller farm houses and Iron roofed hay barns are being built on the nearby ranches. The bungalow of Mr. and Mrs. Jas. S. Ahbott will be ready for occupancy soon. Mrs. Ed Hyle has moved into her new confectionery and

Elaborate plans have been completed for the bungalow of E. S. Wickersham, but the contract has not been let. It is understood that Mr. Wickersham is to have the bungalow errected on his lot on Sixteenth street. He is to be married to Miss Eisle Foster, in Los Angeles, June 14.

George P. Jacobson has been ap-pointed mayor and F. T. Patterson was elected councilman, vice J. R. Welker, who after his selection at the city election, discovered he did not reside within the city limits.

T. A. Wilkinson and H. W. Johnson, capitalists of New York, who are interested in mining property in New Mexico are in the valley to interest the farmers in building a dam across the San Francisco river, which would re-claim about 15,000 acres of desert land. Mrs. Chas. F. Solomon and sons have returned from Tueson where they spent the past six months with Mrs. Soloparents, Mr. and Mrs. Joseph

The forest fire on Riggs Flat in the Graham mountains destroyed 300 acres of valuable timber.

Miss Helen and master Phill Weber, children of John F. Weber, have arrived from Washington, D. C. Miss Mary Tucker and sister, Mrs. H. J. Warner, have returned from a month's stay on the coast.
R. S. Petarson, B. F. Foster and B. F.

Thum have made arrangements to take their families to Camp Inception. About 20 families are now domiciled at the camp for the summer.

At a regular meeting of the Pythian

Sisters lodge, Mrs. J. B. Stratton and Miss Lottle Colton were initiated. The officers from Solomonville were present and took part in the ceremonies.

Miss Laura Lassitor has returned from the Tempe Normal, where she has attended school the last year.

Frank Shivers, of Duncan, bought a grain header to use in his large fields on the Duncan ranch. He was accompanied by Thomas Nations, who also bought some farm implements.

A fire in the Welker barber shop was

extinguished before much damage was Mrs. Peter Anderson has gone to Globe for a visit with her sister, Mrs. P. C. Anderson.

BREAK IN FORT SUMNER CANAL QUICKLY REPAIRED

New Irigation Canals Proposed to Recluim 100,000 Acres: Colorado Irrigutionists Arrive; old Rifle Found.

Fort Sumner, N. M., June 13.-Water was turned into the canal after three working days had been lost by the farmers. The breaks were bad and it took every available team to get the The dike at the lake is not yet repaired, but the lake is not necessary to the operation of the sys-

FUNDS NOT AVAILABLE FOR SANTA FE CANYON FISHERY

Santa Fe, N. M., June 13.—New Mexico will not build a fish hatchery in the Santa Fe Canyon as game and fish warden Thomas P. Gable had planned. Judge John R. McFle, in the district court, dismissed the petition by Gable for a writ of mandamus against territorial auditor William G. Sargent, who refused to honor a warrant issued by Gable as a test to determine whether a surplus of \$5000 in the fish fund could be made available for the building of the hatchery.

than ever.

SEASON ENDS IN

Five Large Factories Sell Through Union—Each Disposes of Alcohol.

EL PASO HERALD

Cullacan, Mexico, June 13 .- The most successful sugar season in the history of the state of Sinaloa is at an end. The production of white sugar has amount-The first was the transfer of the ed to about 11,000,000 kilograms, or approximately 11,000 tons. This is a large increase over last year's production. For several years the production has been increasing steadily.

The principal sugar producers of Sinalog are Reda & Co., operating the Amora and Eldorado factories in the Cullacan district; the United Sugar Mochis, and El Aguila, in the Fuerte district, and the Almada Sugar Refineries Co., operating at Navolate, in the Culiacan district. The properties of this latter concern were recently pur-chased for \$3,500,000 Mexican currency, by Nelson Rhoades, jr., manager of the Sinaloa Land Co., and several company associates. In addition to the factories mentioned, Guillermo mass has a small plant on the Mazatlan district, and Francisco Orrantia y Sarmiento, an-other in the Fuerte district.

The big Sinaloa producers turn over their sugar to a selling concern known as the Union Azucarera, and the con-cern looks after the marketing of the combined output of the five factories. The two small producers are not members of the Union and market their sugar independently. The Union Azucarera was formed several years ago with the object of maintaining prices by putting an end to competition, and a board composed of representatives of the three large sugar concerns of the state directs its affairs. James Smithers, who was born in Mazatlan, and who maintained a commission business in New York for a number of years, has recently taken charge of the Union as gen eral manager. The office of the Union is in this capital, and a warehouse maintained here, but the principal ware-house is in Guaymas, Sonora.

The Union markets its sugar principally in the states of Sinoloa and So nora and the surplus is sent to Chi-huahua and Monterey. It is estimated that the surplus—the sugar in excess of the consumption in Sizaioa and So-nora—will this year amount to 1,500,000 kilograms. This sugar is shipped in bond through the United States for Nogales to El Paso and Eagle Pass, at which points it re-enters Mexico.

Prices of Sinaloa sugar in Sinaloa and sonora are controled by the prices of American sugar in San Francisco. At present Sinaloa sugar is selling at wholesale from 20 to 23 centavos (10 to 11 cents gold) per kilogram (2.20 lbs.). The Union markets its products through the principal business houses of the two states. In Chihuahua and Monterey the Sinaloa sugar competes with sugar of southern Mexico, and it is often sold at prices below those on west coast points. The Sinaloa sugar is almost entirely Only enough granulated to supply the American trade-principally in

Sonora-Is made For Several years the Union also marketed the alcohol made by the three big Las Cruces land office district. sugar concerns, but as the standard differed, there was some misunderstanding and disagreement, and it was finally decided to withdraw the ak business from that selling concern. This year each of the sugar companies is marketing its alcohol independently. Tsis year's output of alcohol is esti-mated at 500,000 gallons.

The valleys of Sinalon include some of the best case land in the world, and unquestionably the next few years will see a blg increase in the state's output of

MORMON COLONISTS HARVESTING CROPS

Threshers in Field—Brick Made for Pearson Interests.

Colonia Dubian, Mexico, June 13 .-Harvesting is now on in Dublan and Guadalupe. The thresher follows the harvester in order to get ahead of the rains. There is one peculiar feature about the growing of wheat in this country. No matter how severe the drouth, the grain never seems to be killed outright. The stock and head produced are both smaller, but the kernel is plump and the grain is good. A farewell dance and party was given H. L. Payne, who goes to Chicago to attend summer school and study music during his vacation.

Harrison Hurst has arrived from Prove, where he has been attending school the past year. Other colony stu dents who have been to Utah to school, are expected Monday accompanied by Teressa Snow and her sister, who will spend part of the summer vacation with their grandmother, Mrs. Eyring.

Jim Whipple, who has come home from the raffroad camp of Robinson & Harris, says they are moving camp, having taken a contract for another piece of work near Albuquerque, N. M. L. H. Redd, of Colonia Juarez, who had been confined to his hed for number of days, is dead. His wife died two years ago. He leaves six unmarried

FAITH OF MEXICO MORMON COLONISTS IS STILL FIRM

Apostatizing Over Fear of Comet De nied; Opposition in Ozumba at Last Overcome; Many Meetings Held.

Colonia Dublan, Mexico, June 13 .- Rey L. Pratt, president of the Mexican mission in a letter from Mexico City, re-futes the story that "the mission is not doing much good now because many of the baptized members became so superstitious over Halley's comet that they apostatized."

The fact of the matter is, he says, that the mission was never in a better condition. Towns where three years ago it was impossible to get a place to stay over night, are now entertaining the elders, and several meetings are being held each week. In one place the former president provides a place for the elders to speak. He also states the opposition in Ozumba is a thing of the

Santa Fe, N. M., June 13.—Incorporation papers have been filled by the Diamond Coal company of Albuquerque,

kingdom, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely on them first because of their ability in curing disease, and next because we can use them with the confidence that such remedies do not injure the system as do the strong mineral concections. Among the very best of these botanical preparations is S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and safest of all tonics. It does not contain the least particle of harmful mineral to injuriously affect any of the delicate parts of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison, or any blood affection or disease even reaching down and cleansing the circulation of all inherited blood troubles. As a tonic S. S. S. is unequaled. It builds up the system in the proper way, by purifying the blood and supplying a sufficient amount of vigor and nourishment to the body. If you are suffering with any blood trouble, or are in any way run-down in health, you could not do better than take S. S. S. a purely botanical blood remedy. It cures without ever leaving any unpleasant or injurious effects. It is perfectly safe for mg or old. Book on the blood free to all who write THE SWIFT SPECIFIC CO., ATLANTA, GA.
